C I R C U L A R

It has been observed by the Commission that the reporting officers / authorities, in order to submit their reports before the Commission, take picture of the signed reports by their mobile phones and then send picture of the reports on the Commission's e-mail address as a result the reports while printed in the Commission appear dark, illegible and ill-defined.

Therefore, it is enjoined upon all the reporting officers / authorities not to send their reports through e-mail by just clicking pictures of the report(s), rather they can either scan the reports to be submitted or get that typed manually, so that the print-out of the reports is amply clear and legible:

Sd/
